*Something light,
like a distant sound,
something light,
like a dawn breeze,
something that emerges gently,
making its way
into the human soul.*

Step into the sphere !

**By donating,
you help create spaces:
you are supporting
a concrete, useful
and sustainable project,**

**What will your donation
be used for?**

Your contribution will help fund
the three main stages:

- 1) Refurbishment of the old buildings
- 2) Construction of the Hall
- 3) Finishing touches & outdoor facilities

Every euro helps to move the project forward:
materials, building work, fittings and welcoming
the public.

WHY DONATE?

Because today, there is an urgent need to
create spaces :

- where people feel welcome,
- where they can reconnect with themselves and others,
- where they learn to embrace diversity, in the service of humanity.
- where we build connections and foster peace,
- where we reconcile and deepen our understanding.
